**Hyland Software Awards Results Engineering
With Diamond Honors**

Recognition salutes partners that help organizations operate more efficiently through technology, such as the enterprise content management (ECM) software suite, OnBase®

CLEVELAND - March 19, 2009 – Businesses of all sizes and types from around the world are tightening their budgetary belts. Spending decisions are being based primarily on two questions: “What’s the return going to be – and how fast will I see it?” This spend-to-save mantra has led more and more businesses to choose OnBase. To get the most out of their investment, fast, many are choosing vendors with proven records of customer service and support, vendors like Results Engineering, for consistently delivering exceptional technical knowledge and support. Results Engineering was recently honored at Hyland Software’s Team OnBase Conference as a Diamond Support Award winner.

“It’s critical for businesses to select vendors that are committed to their success,” said Brenda Kirk, vice president of U.S. sales for Hyland Software. “The vendors like Results Engineering work diligently to understand a company’s goals, are always available as a resource and have the ability to grow and adapt to business needs. Where Results Engineering also excels is choosing proven technology that solves specific problems, helping its customers to do more with less. Their success is a key part of the overall success of Hyland Software, and for that, we are honored to recognize their hard work in 2008.”

Greg Boyd, President of Results Engineering proudly notes “We are the only partner to have won the Diamond Support award every year it was offered, which is a testament of our dedication to providing world class support to our customers.”

Authorized OnBase Solution Providers are an exclusive team of Hyland partners. They provide expertise and hands-on support for OnBase, as well as the many complementary technologies that make up ECM solutions. Providers work with Hyland to give customers the highest level of technical support. And they get continuous OnBase training and the backing of Hyland, a highly respected channel-friendly vendor.

About Results Engineering

Results Engineering, headquartered in Columbus, Ohio is an industry leader in providing Document Imaging and Workflow solutions featuring advanced document capture for automated document classification and indexing. Their focus is improving processes through workflow technology and the elimination of manual data entry.
